(1) Does not include copayment of parts. (2) Only travel and up to 3 hours of labour will be deducted from the ceiling. The remaining hours of labour, additional travel and parts used in the service will be charged to the customer. (3) Only available for solar panels sold and installed by EDP Comercial, which are no longer under warranty. (4) In CUF Saúde units, the price of the first consultation is 30€. For all other consultations, the agreed fee is 25€. (5) Applies to permanent video consultations. (6) Installation is free if carried out as part of one of the following annual visits of the Funciona service: maintenance of the electricity installation, equipment check-up or check-up on lighting. (7) To the monthly fee of the EDP Pack is added the amount of the energy bill. (8) The monthly fee of the extra service is added to the monthly fee of the EDP Pack chosen.

**Exclusive offer for EDP Comercial residential customers.**

Discounts on energy supply (green electricity or green electricity and natural gas), special conditions for Funciona services and EDP Health Plan and access to a set of exclusive advantages. Available for the supply of electricity at normal and dual hourly tariffs for contracted power of 3.45 to 20.7 kVA. Available in the supply of natural gas in scales 1 to 4. The discounts on the supply of energy apply to the total amount of the energy bill (contracted power and energy consumed in electricity, fixed tariff and energy consumed in natural gas) and are calculated in relation to the reference price of EDP Comercial, not including taxes and fees. Energy discounts require a membership of direct debit and electronic billing and will be changed if the customer opts for another means of payment or another billing method. The EDP Packs monthly fee requires that you have or simultaneously enter into a contract with EDP Comercial (electricity or electricity and natural gas). To the monthly fee is added the amount of the energy bill. Membership of the EDP Packs requires a contract lasting 12 months, not applicable to the energy supply contract. Partner advantages associated with EDP Packs may be altered during the course of your contract. Keep up to date at edp.pt. All customer data collected by EDP is treated in an absolutely confidential manner and is not shared with third parties for commercial purposes. It is the customer's responsibility to share personal data with the partner to benefit from the advantages associated with the EDP Packs. This does not dispense with consulting the conditions of the energy supply contracts and/or the additional services contracts associated with EDP Packs. Learn more about the other conditions at edp.pt. Find out about all the conditions and advantages and sign up at edp.pt, on +351 213 53 53 53 (working days from 9am to 8pm | call to the national landline network), or at an EDP Comercial shop or agent.
